

BP-9000 Plus

Extremely powerful!

Our high-performance printers have impressive speed, a long lifespan, and high spec multipart printing facility.

Matrix Printer BP-9000 Plus

The 24-pin BP-9000 Plus dot matrix printer is a true high-performance printer. Equipped with the very latest technology, it can print up to 1000 characters per second! It includes the 13 most important bar codes as well as the ability to store printer menus.

Also included in the BP-9000 Plus are an easy-to-read display in five different languages and a label mode function.

The printer can also perform up to eight-ply forms setting. And with ten LQ fonts your documents will always look tip-top.
