

SEIKO Precision

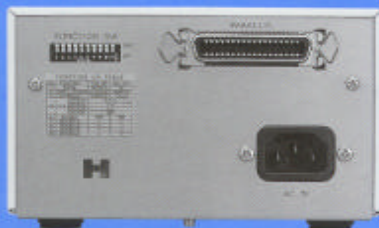

DIGITAL PRINTER  
**DVP-1200**

DVP-1200 is a photographic quality digital printer with A6 size, 256-tones gray-scale.  
DVP-1200 can print pictures fast through high speed data transmission of parallel interface.  
DVP-1200 can be applied effectively to all areas of image processing from measurement and analysis to medical image diagnosis.

# DIGITAL PRINTER DVP-1200

## ■ Rear Panel

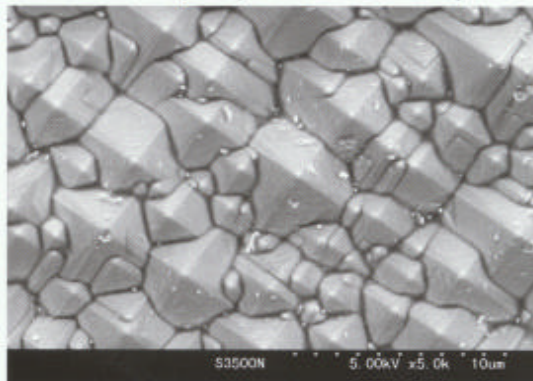

## <Features>

- **Photographic quality:** 256-tones gray-scale with a high resolution of 219 dpi.
- **High speed printing:** DVP-1200 prints an image (800×600 dot, 92.8×69.6 mm) in 3.3 seconds.
- **Interface:** Parallel interface based on IEEE1284 enables high speed data transmission in ECP mode.
- **Large print & multiple format:** 8 MBytes memory enables large print (896×4,480 dot) and multiple pictures print.
- **Printer driver:** Windows 95/98/NT4.0 compatible.
- **No warming up**
- **Maintenance-free**

## ■ Printout sample by ultrasound equipment

## ■ Printout sample by electron microscope

## <Specifications>

Printing	
Print method	Monochrome direct thermal
Print resolution	219 dpi
Maximum print area	104×520 mm (896×4,480 dot)
Gray-scale	256 tones

Interface	
Parallel interface (based on IEEE1284) (ECP, Reverse nibble and compatible modes)	

Model with 'Equipotential Terminal' is available on request.

\*1: The height dimension includes the pedestal height of 7 mm.

\*2: The depth dimension does not include protrusion of switches and the parallel interface connector.

One roll of VP-15052H is attached to the product.

All trademarks or registered trademarks are property of their respective owners.

Specifications are subject to change without notice.

General	
Operating environment	Temperature: 5 to 35°C
	Humidity: 35% to 85% RH (Non-condensing)
Power supply	AC100-120V or 220-240VAC, 50/60Hz
Power consumption	105W (max.)
Dimensions	154(W)×97(H)×290(D)mm *1*2
Weight	Approx. 3.2 kg

Consumables (Thermal roll paper)			
Model No.	Type	Width×Length	Packaging
VP-15052H	High-contrast synthetic paper	110mm × 21m	5 rolls/box
VP-15052S	Synthetic paper	110mm × 21m	5 rolls/box

Option	
CBL-PRL	Parallel interface cable

## Safety precautions

Prior to operation, read the owner's manual and always use the printer properly.

Keep away from water, humidity, dust and smoke, as those contaminants may result in fire, equipment breakdowns and electrical shock.

● As an ENERGY STAR Partner, SEIKO Precision Inc. has determined that this product meets the ENERGY STAR guidelines for energy efficiency.
